A close-up image of a metamorphic rock surface, showing a complex, swirling pattern of light and dark grey and white mineral veins and grains.

Effetto  
Roccia  
Metamorfica

A close-up image of a rock surface with a distinct, horizontal, wavy, and layered texture, resembling a weathered or stratified rock face.

Effetto  
Roccia  
Rigata

A close-up image of a red rock surface with prominent, dark, irregular cracks and fissures running across it, giving it a rugged and fractured appearance.

Effetto  
Spaccante

A close-up image of a metallic surface, likely a garage door, featuring a grid of circular rivets or bolts arranged in vertical and horizontal rows.
